

TURBOFARMER HEAVY DUTY

The Heavy Duty range

High performance for emerging agricultural sectors

The Turbofarmer range expands with Heavy Duty, a new range of high-capacity telehandlers for the agriculture sector - specially designed for emerging applications such as biomass handling.

Heavy Duty telehandlers offer exceptional comfort, with handling capacity of 5 tonnes at 8 m (TF50.8) or 4.5 tonnes at 11 m (TF45.11).

They feature new systems that improve safety, productivity, comfort and energy efficiency, with reduced fuel consumption thanks to the EPD system.

- ✓ Level II ROPS and FOPS cab compliant
- ✓ M CDC Dynamic load control as standard
- ✓ The widest cab in its category at 1010 mm
- ✓ CS suspended cab: a unique and patented solution
- ✓ -18% consumption with EPD as standard
- ✓ 122 HP engines without particulate filter or 156 HP
